

# Could You Use a \$4,500 Grant?

Uidan.org to learn more and to register

April 2016

MATCHED SAVINGS

REGISTER NOW

## The Savings Program

A matched savings program in Utah may be able to help you accomplish some of your dreams. Have you wanted to start a business, pay off that lingering school debt, or purchase a home? The UIDAN savings program may be the thing that you're looking for to finally reach those goals of yours. April 5<sup>th</sup> and 6<sup>th</sup> at the University of Utah, we will be holding a workshop explaining in more detail about the program and how you can qualify. We are also going to be discussing topics like saving, budgeting, and credit in order to help you understand these basic and so important aspects of life.

## Financial Education Training

Financial education is a key component of the program. Savers must complete approved financial education classes prior to applying to participate in the program. In addition to earning match dollars, savers learn critical life skills

necessary to better manage their spending and receive additional training before purchasing an asset.

## Success Stories

We have seen many people participate in the savings program and actually receive money to put towards their goals in life. No scams, no catches, these are real people who have been rewarded for their hard work and consistency in saving their money. If you've wanted to put money towards what you feel is the most important things in your life. Don't waste any more time putting it off.

## How to Register

You are required to register for the classes, which is super easy. Go to [uidan.org](http://uidan.org) and click on the tab that says "click here to view and register for the required Financial Management Training classes." Lunch and much information will be provided.

**"The highest use of capital is not to make more money, but to make money do more for the betterment of life"**

-Henry Ford
